

## Discovery Home Activities

1. Read and enjoy stories
2. Practice sounds
3. Write something every day
4. Count anything and everything you can find!
5. Go on a shape hunt, can you find 2D and 3D shapes around the house
6. A good website with lots of educational games on is <https://www.topmarks.co.uk> . There are shape games, sounds games, all sorts to do!
7. Playdough, cutting and sticking, junk modelling all help with fine motor and creative development
8. Jigsaws
9. Walk in the woods and look for signs of spring. Collect natural objects and make a picture with them

***Record your activities on your child's Tapestry account for us to see!***
